VA Boston Healthcare System

Veterans Caring for Veterans

Transition from the Battlefield to the Home-Front:

Get Paid while Learning to become a Nursing Assistant & enter the Healthcare Field!

This paid educational program is geared to preparing veterans for the Nursing Assistant Role. This nine week program provides the learner with a comprehensive, in-depth curriculum that covers the fundamental and practical skills required to serve in the role of a nursing assistant. Those who meet the requirements of the program are provided the opportunity to enter the VA healthcare workforce.

The VA Boston Nursing Assistant program curriculum includes skills and learning opportunities beyond the basic CNA curriculum. The expanded curriculum includes:

- Soft Skills Training
- Computer Training
- Professional Development
- Customer Service
- Tutoring/Guidance from CNL Students
- One to one mentoring and ongoing evaluation

These additional services enhance the learning environment and expand the potential for success.
